Introducing marketingforce services

Marketing Force Services Limited (MFS) was founded in 2014 and armed with new state of the art equipment and a purpose built workshop based in Felixstowe Suffolk, MFS provide a wide variety of bespoke Signage, Design, Manufacture and Installation Solutions.

Our experienced, professional team are passionate about helping businesses of any size to effectively

display their brand using custom graphics on vinyl, foamex, di-bond or any other suitable product to best create a lasting impression. Our expertise will guide you through the entire process from quotation through to Design, Manufacture and Installation.

We are focused on producing the highest quality end product that will heighten any company profile and create strong brand awareness at an affordable cost.

MFS are also the name behind Wall Art Images, the manufacturer and supplier of Acrylic Wall Art and Coasters. This niche product is prominent in The Premier League & Championship Football Clubs who chose to promote their Stadiums, Crests & Iconic moments on this stylish, modern alternative to canvas.

Personalised options where you can upload your own photos on to both the acrylic pictures and coasters are also a very popular option with this product.

This service is available on line at <https://marketingforceservices.co.uk/acrylic-wall-art/>.

wall art IMAGES

Wall Art Images took their product to the market just 2 years ago with the football industry taking a particular interest. Now with 15 Premier League and Championship clubs on board, the MFS sister company has become a household name in this field.

Wall Art offers a quality controlled in house service for the public as well as corporate companies. You can order bespoke sized acrylics up to as large as 8ft by 4ft. We have fitted our product in various hotels and large offices and continue to spread the Wall Art Images Presence!

With our ever-growing brand, we have now realised acrylic coasters - in keeping with the 5mm deep acrylic pictures, these too are cut from top quality acrylic to give it a sleek look. We introduced coasters to our acrylic range not only as an add-on to their picture, but also as something to offer as more of an impulsive buy.

Licenses

With all the necessary licences, our experienced installation team are able to supply, deliver and install your new signage safely and promptly. Our broad range of certifications allow us to work with Powered Access Equipment e.g. cherry pickers / scissor lifts / mobile scaffolding towers, construction sites including working at heights, as well as street works and highway maintenance.

Shadow Boards

“A place for everything and everything in it's place.”

Shadow boards are a tool storage method used in a variety of industry sectors, especially the food manufacturing industry.

This is because they are a highly effective tool for work space organisation, operational efficiency and ensures the correct equipment is easily accessible when it is needed. They also increase the working life of your tools by reducing loss and damage.

Our shadow boards are tailored to suit your needs and can be produced to bespoke sizes and colours.

We can include your company logo and any instructional text and our designers can produce bespoke shadows for your tools.

They are printed on our state of the art UV printer then finished with a hard wearing anti-scuff laminate which extends the life of the shadow board.

Their use is not just limited to tool storage, they can provide an effective way of sharing information between staff including any management and production information and check lists. First aid equipment can also be located quickly and easily when mounted to a shadowboard.”

Who We Work With

What our Customers Say

“ PD Portcentric Logistics has been working with Marketing Force Services (MFS) since July 2014 on various signage requirements we have had at our 500,000 sq. ft. portcentric warehouse facility in Felixstowe.

Signage has ranged from health and safety and shadow boards through to corporate/branding and way finding.

We have always found MFS to be very professional and knowledgeable. They have given us excellent guidance in choosing the correct signage products for the various projects we have undertaken and they have proven to be an extremely cost effective signage supplier for us.

The end results have been of very high quality.

We have been most impressed with finding a local supplier that has a large UV Flatbed printer, which means we get a direct high-quality resolution print to the chosen signage product.

I would therefore have no hesitation in recommending the services of MFS to anyone looking to procure any type of signage for their business. ”

Tarnia Robertson, Director of Sales and Marketing - Best Western Ufford Park Hotel

GOLDSTAR

TRANSPORT LTD

“ We have recently undergone a rebranding exercise and subsequently needed to roll out our new identity on signage around our Depots and on our entire fleet that consists of over 350 Trucks. The vehicles were situated at various depots around the Country but we were delighted that the process was in fact, smooth, efficient, professional and the service was provided with the utmost care. I was delighted with the end result and would not hesitate in recommending Marketing Force Services.”

Tony Harman, Director - Goldstar Transport, Felixstowe

“ We have used Marketing Force Services to wrap all of our commercial vehicles over the past two years. They have supported us professionally and swiftly through the design process, offering great marketing and design insight, and the service and results have been excellent, whilst their prices highly competitive. I would not hesitate to recommend the team at MFS to any business looking to build their brand and promote themselves better. ”

Jenna Ackerley, Director - Events Under Canvas Ltd

“ After dealing with many other businesses over the years Marketing Force Services are one of the best companies I work with. To put it simply, they tick all the right boxes. ”

Jon Trotter, Managing Director - Flyer Press Ltd

“ Pier Marketing has used a broad range of Marketing Force's print services for many of our clients in the last year. We have been extremely impressed with their quick turnaround and their ability to work to our often very tight deadlines. We feel that Marketing Force offers high quality, cost effective printing, always on time with a friendly personable approach. We look forward to working with Marketing Force again in the near future and would not hesitate to recommend their print services to other businesses. ”

Kate Bowden Smith, Director - Pier Marketing
